

# Ants

**Chapter 2**  
**Lesson 20: S-Blends**  
Lexile® Measure: 480L

*Reading Horizons Discovery*® Little Books are decodable texts that were designed to facilitate automaticity and fluency in beginning readers while reading connected text. At least 90% of the words in each *Reading Horizons Discovery*® Little Book correlate with the sequence of skills taught in the Reading Horizons® methodology, including the Most Common Words lessons. In addition to these decodable texts, it is recommended that teachers utilize a variety of text forms during literacy instruction in order for students to accurately read and comprehend text.

An ant is not a big bug.  
It has six legs.

Ants can have nests in logs,  
in stumps, and in the sand.

An ant will spend its day getting small scraps and crusts for the nest.

Many people do not like ants.  
Red ants can be pests.

When they get mad, they  
snip at your skin. Then your  
skin gets red and stings.

It is best not to stand by a red ant's nest! So, if you spot a red ant's nest, run fast.

**You must sprint.  
Do not stop!**

The End

# Comprehension Questions

1. This passage is about
  - a. how to make an ant farm.
  - b. interesting facts about ants.
  - c. what to do if an ant bites you.
