

Hens

Chapter 2

Lesson 27: Voiced and Voiceless and the *TH* Digraphs

Lexile® Measure: 460L

Reading Horizons Discovery® Little Books are decodable texts that were designed to facilitate automaticity and fluency in beginning readers while reading connected text. At least 90% of the words in each *Reading Horizons Discovery*® Little Book correlate with the sequence of skills taught in the Reading Horizons® methodology, including the Most Common Words lessons. In addition to these decodable texts, it is recommended that teachers utilize a variety of text forms during literacy instruction in order for students to accurately read and comprehend text.

Do you like eggs?
If you do, then thank a hen.

There are more hens than there are moms, dads, and kids.

Hens like to dwell with other hens. Hens like to make nests.

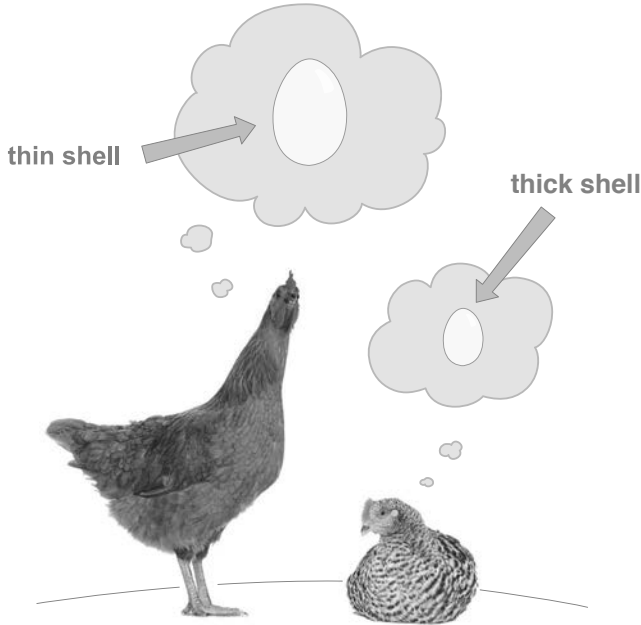

Hens make nests with thin twigs.
Hens make nests with grass
and mud. Some of them use bits
of cloth. The nests are for eggs.

Hens do not just sit on the eggs.
Hens roll the eggs in the nest.
This helps the eggs.

Each hen can lay one egg
in a day. If you do the math,
that is a lot of eggs!

A lot of big hens make big eggs. The shells are thin. Small hens make small eggs. The shells are not thin. Some hens make eggs that have pink shells.

When there is a “thump,
thump” from an egg, then
a chick will come out.

Did you think that there
were so many fun things
about hens and their eggs?

The End

Comprehension Questions
